

Clifford Chadderton Award for Prosthetic and Orthotic Research

The Clifford Chadderton Award for Prosthetic and Orthotic Research is a joint award from the ISPO Canada (International Society for Prosthetics and Orthotics) and The War Amputations of Canada. This award endeavours to

- Improve the lives of people with disabilities who rely on prosthetic and orthotic devices
- Promote prosthetic and orthotic (P&O) research
- Encourage multidisciplinary involvement in P&O research
- Encourage innovation in Canada's P&O industry
- Encourage students to enter careers in P&O research
- Encourage publication of Canadian research in scientific literature

The total value of the award is \$2000 CA and is comprised of \$1000 to the recipient, \$1000 for travel expenses to present at the ISPO Canada 2011 Symposium (September 30 - October 1, 2011), and free symposium registration.

Guidelines

- Open to any Canadian resident involved in prosthetics and orthotics research
- Research must be focused on prosthetics and/or orthotics (technical, clinical, etc.)
- Research or development projects are eligible
- The project must be innovative, novel, and original
- An evaluation component must be included in the project
- Research published more than two years before the submission deadline are not eligible (submissions do not have to be published in the clinical or scientific literature to be eligible)

Submission

- Five page summary of project in research format (introduction, methods, results, discussion, conclusion)
- Reference list (no page limit)
- List of publications and presentations from submitted project
- Cover letter with title, name and contact information for the applicant(s)

Please submit the application documents to ISPO Canada by **July 11, 2011**. Please contact ISPO Canada secretariat for more information.
